**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-5 are rejected under 35 U.S.C. 102(b) as being anticipated by Ealey et al (US Patent No. 5,094,519).

Ealey et al discloses a mirror equipment (Fig. 4) comprising a mirror (column 5, 52), features disposed behind the mirrored surface for gathering water and structures disposed behind the mirrored surface for retaining water (52), wherein the water gathering features are several (see Fig. 4) and arranged to admit water into water retaining structures (52), wherein the water retaining structures are composed of open cellular or cavity (see column 5, lines 55-64).

***Response to Arguments***

3. Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection. Applicant argues that Ealey does not disclose

Art Unit: 2872

features and structures for retaining water, the water is constrained within the cavity. Applicant is directed Fig. 4 of the reference where all the features and structures for retaining water and the water is constrained within the open cavity (column 5, lines 55-64). Therefore, it appears the rejection is deemed proper.

**Conclusion**

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
